Subject: RE: Settlement Communication re ACC v. EPA

Stephanie-

Thanks for this outline of proposed steps regarding 158W. We have compared the outline with the proposed settlement topics we provided in August, and believe that many of the issues we identified may be addressed by the steps EPA has outlined. However, we think it would be useful to discuss the proposed EPA actions by phone, so that we can better understand the expected scope and content of each action. I realize the shutdown may make scheduling difficult right now, but please let me know when you can identify some times that would work for your team.

Best,

Cynthia
